

Lamp LED Neewer MS150B Bi Color 130W 2700-6500K

Model: B0C9GGPPWV

Manufacturer: NEEWER

EAN: 6921268813802

Product Code: 878018

R4,604

Neewer MS150B Bi Color 130W 2700-6500K LED Lamp.

The 130W Neewer MS150B LED lamp provides bi-color continuous illumination and allows you to adjust the color temperature from 2700K to 6500K. It also guarantees a maximum brightness of 200,000 lux at a distance of 0.5 meters. In doing so, it offers 12 special effects and high CRI97+ and TLCI98+ ratings for vivid colors and realistic scenes. The lighting is balanced - forget the flicker problem!

Dimming technology and cooling system

The MS150B uses PWM technology to adjust brightness from 0 to 100% with 1% accuracy. This makes it possible to precisely adjust the brightness level even in dimly lit conditions. The lamp features 4 smart heat dissipation modes - smart, high speed, low speed and OFF, ensuring cooling

without affecting performance.

Control via app and 2.4G

Thanks to NEEWER Infinity technology, the MS150B can be controlled via a mobile app, offering control over hundreds of lamps and the ability to update firmware via OTA. The 2.4G connection allows group control of lamps within a radius of up to 15m using 00-99 channels via remote control. There are also knobs and buttons to adjust the lights.

Various power sources

The Neewer unit can be powered by 2 rechargeable batteries (NP-F750/NP-F970), a V-mount (14.4V), and a D-Tap cable for field use. The power adapter allows you to plug into a power outlet for maximum lighting performance. Note: batteries and D-Tap cable are not part of the kit.

Bowens mount for light modification

With the NEEWER mount with umbrella holder, you can connect softboxes, photo umbrellas and various light modifiers. The included Bowens mount adapter further expands compatibility with accessories.

Additional amenities

The lamp is made of durable aluminum alloy, and with a removable handle that swivels 180°, you can easily store it. The unit weighs just 0.98 kg - you don't have to worry about it being an unnecessary burden. In addition, the LCD screen allows you to conveniently check the current settings.

Included:

- NEEWER MS150B LED lamp
- NEEWER standard reflector
- Bowens mount adapter
- Umbrella holder
