

Uni-T UT332+ Temperature and Humidity Meter

Model: UT332+

Manufacturer: UNI-T

EAN: 6935750533383

Product Code: 878393

R2,176

Uni-T UT332+ Temperature and Humidity Meter

The Uni-T UT332+ Temperature and Humidity Meter is a precision instrument for measurements ranging from -20°C to 70°C and 0-99.9% RH, distinguished by its high accuracy (up to $\pm 0.3^{\circ}\text{C}$) and fast response time of approximately 1 second. The ability to store up to 999 measurements and export them to a computer via USB provides greater control over data analysis. Automatic logging and the MAX/MIN function help quickly detect changes in parameters without constant monitoring. The backlit LCD screen improves readability, and the auto-off feature reduces power consumption, enhancing user comfort both in the field and in stationary applications. Thanks to its dew point and wet-bulb temperature measurement functions, as well as the ability to calibrate via offset settings, the UT332+ model performs well in industrial, laboratory, and environmental applications.

- Uni-T UT332+ Temperature and Humidity Meter
- USB cable
- User manual
- Batteries x 4

Manufacturer	Uni-T
Model	UT332+
Temperature range	-20°C ~ 70°C
Temperature accuracy	±0.3°C
Dew point range	-78.2°C ~ 70°C
Dew point accuracy	±0.8°C
Wet-bulb temperature range	-21.6°C ~ 70°C
Accuracy	±0.3°C
Humidity range	0 ~ 99.9% RH
Humidity accuracy	±2% RH (10-80% RH), ±2.5% RH (remaining range)
Resolution	0.1°C / 0.1% RH
Data memory	999 measurements
Units	°C / °F
Response time	approx. 1 second
Interface	USB (data transfer and power supply)
Functions	MAX/MIN, Data Hold, alarm, automatic logging
Additional features	LCD backlight, auto power off, PC analysis
