

Uni-T LM1500G Laser Rangefinder

Model: LM1500G

Manufacturer: UNI-T

EAN: 6935750550267

Product Code: 878414

R5,453

Uni-T LM1500G Laser Rangefinder

The LM1500G is a laser rangefinder that is ideal not only for the golf course but also for various types of field measurements. Thanks to 6x optical magnification and a clear LCD display, the user sees more and with greater clarity, which translates to precise determination of distance, angle, or height. Features such as flag lock, trajectory compensation, and continuous measurement mode facilitate quick operation in dynamic conditions, while vibration confirmation helps ensure that the measurement was taken correctly. The rugged housing increases durability for everyday use, and the lithium-ion battery allows for extended operation without the need for frequent recharging.

Included

- Uni-T LM1500G Laser Rangefinder
- USB cable
- Carrying case

- Wrist strap
- User manual

Manufacturer	Uni-T
Model	LM1500G
Distance measurement range	3-1500 m
Maximum measurement height	600 m
Speed measurement range	0-300 km/h
Angle measurement range	±60 degrees
Distance measurement accuracy	±1 m ± distance × 0.2%
Height measurement error	+/- 0.5 m
Angle measurement error	+/- 1 degree
Magnification	6X
Objective lens diameter	19 mm
Eyepiece diameter	15 mm
Exit pupil	3.7 mm
Diopter adjustment range	+/- 6 diopters
Laser class	Class 1
Laser wavelength	905nm
Flagpole lock	Yes
Golf trajectory compensation	Yes
Slope measurement	Yes
Height measurement	Yes
Auto power off	Yes
Power supply	3.7V 750mAh lithium battery
Charging	USB cable
Device dimensions	108x68x38mm
Net weight	2.3g (according to the table)
