

Uni-T LM1000A Laser Rangefinder

Model: LM1000A

Manufacturer: UNI-T

EAN: 6935750510636

Product Code: 878417

R3,652

Uni-T LM1000A Laser Distance Meter

The LM1000A is a compact laser distance meter designed for accurate measurements over longer distances. Equipped with a 2.0-inch external screen and a dual display, it allows you to view results simultaneously during measurement, which speeds up field work. It works well both on the golf course and for more technical applications, such as construction, field surveys, or installations.

Accuracy and user-friendly features

With 6x optical zoom, the LM1000A allows for precise targeting, while the flag lock mode and golf mode facilitate quick measurements on the move. The vibration function confirms that the target has been successfully acquired, reducing the risk of incorrect readings. The laser used is eye-safe, and the built-in 750 mAh battery ensures convenient use without the need for frequent battery replacement, which translates to greater device mobility.

Included

- Uni-T LM1000A Laser Rangefinder
- USB cable
- English manual
- Carrying case
- Wrist strap

Manufacturer	Uni-T
Model	LM1000A
Distance range	3-1000 m
Accuracy	$\pm 1 \text{ m} \pm \text{range} \times 0.2\%$
Magnification	6X
Diopter adjustment range	$\pm 6^\circ$
Altitude	450m
Speed range	18~300km/h
Angle	$\pm 45^\circ$
Lens aperture	21.5mm
Eyepiece aperture	15 mm
Exit pupil diameter	3.7 mm
Angle measurement error	$\pm 1^\circ$
Flagpole lock mode	Yes
Golf trajectory compensation mode	Yes
Slope measurement	Yes
Height measurement	Yes
Volume measurement	Yes
Area measurement	Yes
Angle measurement	Yes
Auto power off	Yes

Laser class	Class 1
Laser wavelength	905 nm
Operating temperature	-10°C~50°C
Battery	3.7V 750mAh lithium battery
Product color	Black + silver
Product net weight	170.7g
Product dimensions	108 x 72.5 x 42.2mm

GPSR Link: https://psr-assets.innpro.pl/tools/sg_tools_measuring_tools.pdf, Gross weight: 460, Net weight: 108, Box length: 10,00, Box width: 10,00, Box height: 18,00
