Rojeco 2L Automatic Cat Feeder Button Version.

Be sure your pet has a full tummy! ROJECO F19 is a smart automatic feeder that provides your pet with regular and fresh meals, even when you are not at home. With a cooling function using two ice cartridges, it keeps wet food fresh for longer, making it ideal for busy cat and small dog owners.

Precise meal portioning and programming

The device offers the possibility of serving as many as 6 meals per day, each of about 90-100 g. Intuitive control panel with LED screen allows you to precisely set feeding times, ensuring regularity and comfort for both pet and owner.

Cooling function - freshness around the clock

The built-in two ice cartridges act as a mini-refrigerator, keeping the temperature of the food low for up to 24 hours. This makes the feeder perfect for feeding wet food, canned or fresh ingredients.

Safe and ergonomic design

ROJECO F19 was designed with animal safety in mind. The paw jam protection system minimizes the risk of injury, and the sturdy design prevents a curious pet from accidentally opening the device.

Easy cleaning and convenience of use

The components of the feeder, with the exception of the motor, can be washed in the dishwasher, making it much easier to keep clean. The modular design makes disassembly and assembly quick and convenient.

Functionality for everyday use

Powered by 3 AA batteries (not included), the device runs for up to 180 days on a single set of batteries. Compact dimensions (31 × 31 × 8.8 cm) and non-slip pads make the feeder easy to set up anywhere, and its minimalist design fits into any interior.

Included

- ROJECO F19 automatic feeder
- 2 ice cartridges
- Operating instructions
