AMZCHEF 1501-WT slow-running juicer (white)

Discover a new quality of juicing with the AMZCHEF 1501-WT slow-running juicer. This is a device that combines performance with functionality and will allow you to take care of a healthy lifestyle. It is ideal for those who appreciate freshness and full nutritional value in their drinks. Thanks to its sturdy design, 150 W power and 90-110 rpm speed, the juicer is not only effective, but also extremely quiet, making it ideal for everyday use in any kitchen.

An excellent choice for your health

The AMZCHEF 1501-WT juicer is equipped with an innovative 7-stage auger that enables breaking, chopping, pressing, crushing, separating, grinding and extracting. This makes it extremely efficient at separating juice from pulp, leaving less residue. At the same time, it retains the maximum amount of nutrients, so you can get the right portion of vitamins every day!

Efficient squeezing

The juicer is extremely efficient. Equipped with a reverse grinding mode, it effectively prevents chunks from blocking, so juicing is quick and efficient. Whether you're working with soft fruits or hard vegetables, the AMZCHEF 1501-WT delivers perfect results.

Quiet operation and practical design

With a noise level of less than 60 dB, the AMZCHEF 1501-WT juicer operates extremely quietly, making it ideal for use at any time of day. Its compact size (35 x 36.3 x 15 cm) also guarantees space-saving operation in the kitchen, and its stylish design blends in perfectly with any interior.

Easy to clean

The juicer is designed for hassle-free use. An effective filter that separates the juice from the pulp and intuitive controls make its use simple and enjoyable. What's more, you can easily wash the removable parts under running water, ensuring easy cleanup after each use.
