

LANBERG 19inch Cable Managmement Metal 1U Type A Black

Model: AK-1704-B

Manufacturer: LANBERG

EAN: 5901969439434

Product Code: 881025

R728

Optimize workspace organization with the Lanberg rack cable management panel, designed to facilitate the organization of cables within a 19-inch rack. This sturdy steel panel provides a solution for maintaining a clean and efficient environment, enhancing both accessibility and airflow. Accompanied by M6 screws for installation, this panel ensures that cables are securely routed and neatly arranged, reducing clutter and improving overall system management. Its efficient 1 rack unit height makes it a practical choice for various setups, providing a reliable solution for cable management needs.
