

Fanttik Slim V9 Mix cordless portable car vacuum cleaner

Model: V9

Manufacturer: FANTTIK

EAN: 652726247216

Product Code: 881264

R2,140

Fanttik Slim V9 Mix cordless portable car vacuum cleaner

Fanttik Slim V9 Mix is a compact car vacuum cleaner that combines the functions of vacuuming, blowing, pumping and air suction. With a set of accessories, it can effectively clean seats, crevices, dashboard, rugs, air vents and other hard-to-reach places. It can also pump balls, floating wheels or vacuum bags.

Display and battery level indicator

A built-in LED (Light Emitting Diode) screen indicates the battery level and current mode of operation. It is turned on or off by holding down the button for 1 second for convenient and intuitive operation.

High-powered brushless motor

The device is equipped with a powerful 80 Watt brushless motor that generates a vacuum of 7000 Pa or 12000 Pa depending on the selected mode. Brushless motors provide longer life, higher efficiency and lower noise levels (75 dB) than traditional brush motors.

Lightweight and portable design

The vacuum cleaner weighs only about 430 g and features an ergonomic handle for comfortable use without hand fatigue. The included carrying bag makes it easy to carry the kit when traveling, camping or moving.

Easy emptying of the container and filtration system

A mechanism that prevents accidental spilling of dirt from the tank allows you to empty the container without contacting the dirt with a single button. The transparent housing allows you to check the filling. The dual filtration system (pre-filter + HEPA filter (High Efficiency Particulate Air, a high efficiency air filter that captures particles of very small diameter)) removes up to 95.99% of dust particles, and both elements can be easily removed and washed, extending their life.

Long working time

The vacuum cleaner has a USB-C (Universal Serial Bus Type-C, a universal connector for data and power) port, allowing charging from an outlet, powerbank, laptop or in the car. On a single charge, it runs for up to 30 minutes in ECO mode (Economy, energy or resource saving mode) or 13 minutes in maximum mode, allowing you to quickly remove even stubborn dirt. Thanks to its functionality, it will work well in the car, home, office and during outdoor activities.

Included

- Body of the vacuum cleaner
- Crevice tip
- Brush with soft bristles
- Universal brush
