BOBOVR D3 Charging Station for Meta Quest 3

The BOBOVR D3 Charging Station for Meta Quest 3 is a practical solution that allows you to charge all the devices you need for your virtual gameplay simultaneously. Because it's an all-in-one station, you can charge your headset, controllers and B100 battery in one place, ensuring that your equipment is always ready to use whenever you need it.

Built-in charger for the B100 battery

The BOBOVR D3 is equipped with a dedicated space for charging the B100 battery, so you don't have to search for separate cables and chargers. The B100 battery is placed in the appropriate space on the station, where it easily plugs in automatically for charging, eliminating the hassle of connecting cables.

Ease of use and perfect fit

The station is designed for maximum user convenience. Thanks to its magnetic "Place and Power" system, all you have to do is place your devices on the right spots and charging will start automatically. You don't have to worry about the precise positioning of your equipment - the system will take care of the perfect fit on its own, making charging fast and hassle-free.

Wireless charging of controllers

Meta Quest 3 controllers are charged wirelessly, which significantly increases the convenience of use. The BOBOVR D3 station is designed so that you can charge your controllers even when they are equipped with additional accessories, such as the G3 Plus grips. This means you don't have to remove them before charging.

Compact design and aesthetics

The BOBOVR D3 not only makes it easy to manage charging, it also looks good. Its sleek, minimalist design makes the station fit perfectly into any interior design. The compact size allows the station to be easily placed on a desk or shelf without taking up too much space.
