

Braun Silk-expert Pro Silk-expert Mini Intense pulsed light (IPL) Pink, White

Model: PL1014

Manufacturer: BRAUN

EAN: 4210201437734

Product Code: 882815

R5,067

The safest IPL thanks to SensoAdapt technology³

Skin tone varies across the body, so the SensoAdapt sensor (with UV protection) continuously reads your skin and adapts the flashes for the safest and most efficient permanent visible hair removal.

³Shared technology with Cyden

Adapts treatment to all body areas

Accurate and thorough on every area of your body. Efficiently treat narrower areas like your face, armpits and bikini, or larger body areas such as the legs.

Safe and effective

Safe and efficient permanent visible hair removal from the comfort of your home. This IPL continuously reads your skin tone and automatically adjusts the intensity level to ensure the perfect balance between safety and efficacy.

Hair-free in 3 months

Clinically tested for visible hair reduction in just 3 months. The power of IPL.

Find out if IPL is right for you

IPL is effective on light to medium skin tones, with hair ranging from natural blonde to dark brown or black. The IPL is least effective on very blonde, red, grey or white hair where there is less melanin to absorb the light.

3 levels of intensity

The IPL's 3 levels of intensity ensure the light intensity best suits your skin tone. Use it for optimal efficiency and professional salon-tier safety at home.

Flashes every 0.5 seconds

The IPL releases continuous light flashes, leading to the shortest treatment time. The glide mode is recommended when treating larger areas like legs, with the high flash frequency enabling better skin coverage.

Hair reduction with staying power

IPL with up to 300,000 flashes: to remove hair from your body and face for approximately 16 years, with no bulb replacement required.

Compact and lightweight design
