Flextail Max Shower Portable Shower

The Flextail Max Shower portable shower is the perfect solution for those who value convenience and mobility. It's ideal for camping, travel, or emergencies. The set includes a shower head, a water pump, and a battery, making it a complete shower system ready for use in any conditions.

Water Flow Modes

The Flextail Max Shower offers two water flow modes that can be adjusted to your needs. The low-flow mode provides a flow rate of 6-8 liters per minute, helping you conserve water. The high-flow mode, on the other hand, delivers 9-10 liters per minute, which is perfect when you need a quick and intense shower.

Long battery life

The built-in 18.5Wh battery ensures long-lasting operation. In low-flow mode, the shower runs for up to 110 minutes, while in high-flow mode, it runs for 70 minutes. The battery is charged using the included USB-C cable, allowing for easy charging anywhere.

Ease of use

Connecting and disconnecting the shower head and water pump is extremely simple, allowing for quick and hassle-free setup. Additionally, the water pump is equipped with a low-water protection feature—it automatically shuts off if no water is detected for 20 seconds, preventing damage to the device.

Included in the set

- MAX SHOWER (built-in battery)
- Type-C cable
- Instruction manual
