DeerRun A1 Pro Foldable Electric Treadmill (Silver)

The DeerRun A1 Pro foldable treadmill is a compact model designed for daily workouts at home. It offers speeds up to 16 km/h, manual incline adjustment up to 6%, a quiet 3 HP brushless motor, and a sturdy construction with a maximum weight capacity of 158 kg. Thanks to its foldable design and compact dimensions when folded, it works well even in apartments and rooms with limited space, allowing you to train comfortably regardless of the weather.

Higher training intensity thanks to a 6% incline

The treadmill is equipped with manual incline adjustment up to 6%, which allows you to increase the intensity of your workout without having to increase your speed. This type of training engages the leg and gluteal muscles more effectively and helps burn calories more efficiently. Combined with a

maximum speed of 16 km/h, the machine is suitable for both leisurely walks and more demanding running sessions.

Quiet operation and stable construction

The brushless motor generates noise at a level not exceeding 45 dB, which, combined with a five-layer running belt that effectively absorbs shocks, makes the workout exceptionally quiet and does not disturb household members. The reinforced frame, with a maximum weight capacity of 158 kg, ensures stability even during more intense workouts. Additionally, the belt's special structure protects the knee joints and guarantees excellent traction, enhancing safety regardless of running speed.

Foldable design for small spaces

The DeerRun A1 Pro was designed with users with limited space in mind. After your workout, the treadmill can be quickly folded and stored, saving space in your apartment, home office, or workout room. This way, the device doesn't take up valuable space on a daily basis, yet it's always ready to use.

Workouts with the PitPat app

The treadmill works with the free PitPat app, which lets you add variety to your daily workouts and better track your progress. Thanks to the app integration, you can conveniently use additional features that support your physical activity at no extra cost.

Included

- Treadmill
- Safety key
- T-shaped Allen key
- Power cable (approx. 1.8 m)
