

Uni-T LM2000 Laser Rangefinder

Model: LM2000

Manufacturer: UNI-T

EAN: 6935750520499

Product Code: 884514

R16,216

Uni-T LM2000 Laser Rangefinder

The LM2000 is a laser rangefinder designed for field use, particularly for measuring longer distances. The housing, mostly covered with non-slip rubber, improves grip and protects the device from damage. A range of up to 2,000 meters and 8x optical zoom allow for convenient and accurate distance measurement even in open spaces.

Features tailored to various conditions

The device offers measurement modes such as continuous measurement, angle measurement, and distance between points, making it easy to adapt to specific applications. Rain and fog modes, along with a close-target lock, help maintain accuracy regardless of conditions. Powered by a USB-C rechargeable 18650 battery and featuring tripod mounting capability, it enhances convenience during extended use.

Included

- Uni-T LM2000 Laser Rangefinder
- Rigid carrying case with shoulder strap
- USB cable
- Wrist strap
- User manual

Manufacturer

Uni-T	Model
LM2000	Certifications
CE, RoHS	Range
2000 m	Units of measurement
m/yd/ft	Accuracy
+/- (0.3 m + 0.001 x Dm)	Angle range
-90 to 90 degrees	Tilt angle accuracy
+/- 0.5 degrees	Gyroscope angle accuracy
+/- 0.1 degrees	Wavelength
905 nm	Field of view
6 degrees	Magnification
8X	Objective lens diameter
23 mm	Eyepiece diameter
31 mm	Exit pupil diameter
3.8 mm	Diopter
+/- 7D	Diopter adjustment
Manual	LCD display
Black-red two-color R-PLCD	Charging interface
Type-C	Data export
USB	Power supply
