

MIKROTIK cAP LTE12 ax Access point cAPGi- 5HaxD2HaxD&EG12- EA LTE Cat. 12 Wi-Fi 6 2x GbE

Model: CAPGI-5HAXD2HAXD&EG12-EA

Manufacturer: MIKROTIK

EAN: 4752224009432

Product Code: 885704

R5,242

The MikroTik cAP LTE12 ax is a versatile wireless access point designed for performance in various environmental conditions. With an operational temperature range of -40°C to 50°C, it remains reliable in both hot and cold climates. This model features dual-band connectivity, allowing for data transfer rates of up to 1200 Mbps through Wi-Fi 6 capabilities. It supports various IEEE standards, ensuring compatibility with legacy devices while providing robust performance for modern applications.

Equipped with 1 GB of RAM and an 1800 MHz processor, this access point manages bandwidth and connectivity. The MikroTik cAP LTE12 ax also offers PoE for streamlined installation, reducing clutter and eliminating the need for additional power outlets. With a flash memory size of 128 MB, it provides space for firmware updates and configuration settings, making it a reliable choice for networking needs.
