Maono BA92 microphone holder (black)

The Maono BA92 mount is the ideal solution for those looking for a stable, adjustable and easy-to-use microphone holder. It is compatible with various microphone models and very easy to install. It also stands out for its durability and provides convenience when streaming, recording podcasts or playing online games.

Robust design

The product features a solid and stable construction, and is resistant to rust and corrosion. As a result, it can serve you perfectly for a long time! It is ideal for everyday use - do not be afraid of its rapid damage.

Adjustability

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The holder is equipped with adjustable joints, which allow you to rotate in a full 360° range. So you can easily adjust it to your needs. Adjust the microphone to ensure not only reliable sound recording, but also comfort!

Universal compatibility

The BA92 features wide compatibility - it will easily handle microphones weighing up to 2 kg. It fits 3/8" and 5/8" screw adapters, so you can use it with different models of devices. The mount is also compatible with Maono products such as PD400X, PD200X, PD100, PM500, PM320 and PM325T.

Low-profile arm

The BA92 microphone mount is designed to sit low above the desk, allowing it to blend seamlessly into the workspace. As a result, the product provides both convenience and ergonomics!
