

# Flextail Max Shower Portable Shower

Model: MAX SHOWER box-W

Manufacturer: FLEXTAIL

EAN: 6975755962535

Product Code: 892878

## R2,067

### Flextail Max Shower Portable Shower (White)

The Flextail Max Shower portable shower is the perfect solution for those who value convenience and mobility. It's ideal for camping, traveling, or emergencies. The set includes a showerhead, a water pump, and a rechargeable battery, making it a complete shower system ready for use in any conditions.

### Water Flow Modes

The Flextail Max Shower offers two flow modes that can be adjusted to your needs. The low-flow mode provides a flow rate of 2.2 liters per minute, helping you conserve water. High-flow mode, on the other hand, delivers approximately 3 liters per minute, which is ideal when you need a quick and intense shower.

## Long Battery Life

The built-in 18.5 Wh battery ensures long operating time. In low-flow mode, the shower runs for up to 110 minutes, while in high-flow mode, it runs for about 70 minutes. The battery is charged using the included USB-C cable.

## Ease of Use

Connecting and disconnecting the showerhead and water pump is extremely simple, allowing you to quickly and easily prepare the shower for use. Additionally, the water pump is equipped with a low-water protection feature—if it doesn't detect water for 20 seconds, it will automatically shut off, preventing damage to the device.

## Included in the set

- MAX SHOWER (built-in battery)
- USB-C cable
- instruction manual
