

TP-Link UB5A network card Bluetooth

Model: UB5A

Manufacturer: TP-LINK

EAN: 4897098687802

Product Code: 893070

R687

Bluetooth 5.0: Faster Speeds, Farther Coverage

UB5A equips your PC with more advanced Bluetooth 5.0 technology that has across-the-board upgrades compared with older versions. It runs faster connection speeds and farther range than the Bluetooth 4.0 technology, ensuring a strong and stable wireless connection between your PC and Bluetooth devices. Users also benefit from power conservation and larger broadcasting capacity.

Play Music from Across the Room

Thanks to the improvements to Bluetooth, UB5A has a longer range of transmission between devices like your music player and PC. With a farther transmission distance, enjoy lossless audio via your Bluetooth headset without hovering around your computer. Now, there’s no need to worry about distance impacting your music listening.

Link to Your Computer via Bluetooth

UB5A makes non-Bluetooth PCs and laptops Bluetooth-capable. Just connect your Bluetooth devices to your computer and enjoy it with ease. It supports up to 7 Bluetooth devices all at once with a powerful wireless connection. You can transfer files, music, videos between your Bluetooth devices and PC with 2× faster transmission speeds.
