DJI Mini 2 / Mini SE/ DJI Mini 4K smart battery.

A high-capacity lithium-ion battery specially developed for DJI's Mini series drones. It does not weigh down the device, while offering up to 31 minutes of flight time. It makes flying more comfortable and capturing footage more relaxed. DJI's built-in intelligent power management system constantly monitors cell status and capacity, providing stable power and accurately calculating remaining flight time, allowing you to fully focus on controlling your drone.
