MOES WDB-TY-B20 Wi-Fi RF 433MHz 1080p Video Doorbell

The MOES WDB-TY-B20 is a video doorbell that offers 1080p video quality and a wide 140° viewing angle, allowing you to closely monitor the area in front of your home's entrance. The device connects to a Wi-Fi network, enabling remote viewing and call reception on a smartphone, and the included 433 MHz RF wireless doorbell allows you to hear notifications inside the home as well. Automatic switching between day and night modes ensures effective monitoring around the clock.

Remote communication and ease of use

The video doorbell supports two-way voice communication, so you can talk to visitors in real time, no matter where you are. The device also allows you to receive messages from guests, which enhances the convenience of daily use, such as when receiving packages. Video preview is also available via

the Alexa control panel (the panel is not included in the set).

Precise motion detection and security features

The built-in PIR motion sensor detects activity near the door and immediately sends notifications to your phone. You can configure additional features, such as an anti-tamper alarm that alerts you if someone tries to remove the device, and motion-triggered recording. This gives you full control over what's happening at your entrance.

Long battery life and easy installation

The device is equipped with a 5000 mAh battery, which provides 4 to 6 months of operation on a single charge. Charging is done via USB and takes about 6-8 hours. Additionally, you can set low-battery notifications. The wireless design eliminates the need for wiring, which significantly simplifies installation.

Flexible recording options and weather resistance

The video doorbell supports recording to an SD card (not included) and to the cloud (optional service with a trial period). The IP65-rated housing ensures resistance to dust and rain, making the device suitable for various weather conditions and safe for outdoor use.

Included

- video doorbell
- indoor chime
- screws
- expansion anchors
- reset pin
- power cable
- hole positioning stickers
- user manual
