One carbonating cylinder makes up to 60 litres of delicious sparkling water, replacing 120 single-use plastic bottles.

Safety guaranteed with the built-in safety relief valve

When the machine is operating, the safety relief valve releases the pressure inside the bottle automatically. The buzzing sound also indicates the sparkling water is ready to be enjoyed.

BPA-free material

BPA-free material.

3 easy steps to make fresh sparkling water at home

3 easy steps to make fresh sparkling water at home: fill, twist and press!

Customise your drinks by controlling carbonation level

Customise the carbonation levels based on your personal preference. Simply repeat the carbonation process to have more tongue-tingling bubbles!

Carbonate sparkling water anytime, anywhere

The soda maker requires no electricity to operate, so you can get fresh sparkling water anytime and anywhere. All you need to do is press the button and then enjoy.
