

Axagon CRE-S2N SuperSpeed USB-A CARD READER

Model: CRE-S2N

Manufacturer: AXAGON

EAN: 8595247906137

Product Code: 928533

R924

Slim USB 3.2 Gen 1 Memory Card Reader AXAGON CRE-S2N SUPERSPEED supports all current versions of SD and microSD cards including SDXC and microSDXC with capacity up to 2TB.

With USB 3.2 Gen 1 (USB 3.0) interface, the reader achieves significantly higher data rates for UHS-I SD cards compared to USB 2.0 interface readers.

The card reader allows simultaneous handling of cards in both slots and direct copying between them.

The slim body of the reader does not prevent the use of secondary USB ports on the computer. Card reader matte surface limits the creation of fingerprints.

The installation is very easy - only plug the reader into the computer USB port and the rest is done automatically.
