Link module for Dreame A1, A1 Pro, A2 mowing robot

The link module will give your mowing robot the freedom to operate over large areas while maintaining a stable connection to the Wi-Fi network. It will allow your Dreame A1 / A1 Pro / A2 to work on a maximum area of 2000 m² without losing network connection. With Link Service activated, it will also allow you to remotely monitor the status of the device and start mowing even without a Wi-Fi connection. Its installation and configuration will not be a problem for you.
