The Dell Pro 19 Plus P1917SE monitor is suitable for professionals who work long hours and need a display that won't strain their eyes. Excellent image quality with consistent color reproduction and outstanding viewing angles, along with ComfortView technology that filters harmful blue light, make this monitor the top choice for budget-conscious professionals who require a 5:4 aspect ratio display.

Comprehensive adjustments maximize usability, and the monitor is highly adjustable to ensure the best ergonomics. A versatile array of connections makes it easy to connect imaging sources and peripherals.
