Speed Meets Precision

Achieve the upper hand with up to 300Hz refresh rates, designed for smooth, uninterrupted visuals that keep pace with your fastest reactions. Dominate gameplay with zero motion lag.

Unmatched Visual Response

With an ultra-fast 1ms VRR response time, rapid in-game movements and action sequences come alive with razor-sharp clarity. Say goodbye to blurring and stay locked into the action.

Harmonized Motion

AMD FreeSync™ Premium (application in progress) ensures smooth, tear-free gameplay by syncing your display's refresh rate with your GPU. No more stutters or visual interruptions—just uninterrupted immersion as you focus on achieving victory.

Designed for Immersion

Curved options with a 1500R radius wrap your vision in a more natural and engaging viewing experience. Lose yourself in panoramic gaming worlds or stay focused during intense multitasking.

Comfort in Every Frame

The Ergostand allows you to customize tilt, swivel, and height for personalized comfort, ensuring that you stay at peak performance for hours on end without strain or compromise.
