R783

The Solid Floor Cleaner is a specially formulated cleaning solution designed specifically for the DEEBOT N30 PRO OMNI to enhance its mopping performance.

This solid super-concentrate cleaner is primarily derived from natural, plant-based ingredients, making it safe and non-toxic for household use. It effectively tackles deep cleaning tasks and is suitable for various flooring types, including hard surfaces, marble, and wooden floors.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
