

DIGITUS 4K Wireless AV Extender Set 30m USB-C - HDMI

Model: DS-55324

Manufacturer: ASSMANN ELECTRONIC

EAN: 4016032491200

Product Code: 933138

R3,406

The DIGITUS video/audio extender kit is designed to meet the needs of users requiring high-quality, secure, and flexible wireless video and audio transmission. This kit supports 4K resolution and a 30 Hz V-Sync rate, ensuring that your visuals are not only clear but also smooth. With the inclusion of IEEE 802.11ac technology, it offers reliable wireless connectivity up to 30 m, making it ideal for presentations, streaming, and more in large rooms or across different spaces.

Security is paramount, and this device delivers by incorporating 128-bit AES, WPA2-Enterprise, and WPA2-PSK encryption algorithms, protecting your data from unauthorized access. The kit comes with a variety of cables and connectors, including USB-A to USB-C, HDMI, and USB-C extension cables, providing you with the flexibility to connect different devices easily. Additionally, its Plug-and-Play functionality, complemented by a LED status indicator, ensures a hassle-free setup, allowing you to get started quickly without the need for complex configuration.
