Full-size multi-device wireless keyboard providing easy, convenient connection between your devices

Four devices, one keyboard

Make the most of flexible working with the Vaiya Multidevice Wireless Keyboard. With the ability to easily connect up to four devices at once via 2.4GHz and 3x Bluetooth® by simply pressing the dedicated buttons, this keyboard is your ultimate partner for work at home or in the office.

Pump up the comfort

Type all day without any problems thanks to this keyboard's full-size design and advanced low-profile laptop style scissor keys which offer ultimate typing comfort and precision.

Work away

Complete with a built-in rechargeable battery, you can work for up to 6 months non-stop without needing to charge. Offering the possibility to keep working whilst charging and fully recharged in just two hours, the Vaiya won't let anything stop you from taking on your tasks!

Multi magic

Not only is this keyboard multidevice, but it also offer Multi-OS support (Windows, iOS, iPadOs, MacOS, Android, Chrome OS) AND has 13 multimedia Fn keys for a compact yet full-sized experience. It doesn't get more multi than that!
