R2,014

The TALKABOUT T82 is the perfect partner for your next adventure. Durable, with an IPx2 rating, the T82 can take the drops and splashes you're likely to encounter on your treks. The new hidden display makes calling easier and comes alive when you need it. The easy pairing button makes setup a breeze. A built-in LED torch provides emergency light when needed so you can read your map in the dark. And with a range of up to 10km*, the T82 will ensure you stay connected.
