

IsEasy cooker hood TV52A90D4-CC- I2

Model: TV5290D4-CC-I2

Manufacturer: ISEASY

EAN: 6977132450154

Product Code: 939597

R3,652

IsEasy TV5290D4-CC-I2 cooker hood

The IsEasy TV5290D4-CC-I2 cooker hood is a modern and efficient appliance that allows you to keep your kitchen clean and fresh even during intensive cooking. With its sleek slanted black panel and touch control, the unit blends seamlessly into modern interior designs while offering high functionality and comfort.

Performance tailored to your needs

The maximum suction capacity of 524 m³/h allows you to effectively remove fumes, odors and grease from the air. With three fan speed levels (Low, Med, High), you can adjust the operation of the device to the type of food you are preparing - from gentle braising to intense frying.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Quiet operation for greater comfort

The hood generates noise at a maximum of 58 dB, making it comparable to the volume of a normal conversation. This allows you to cook in a pleasant atmosphere without excessive noise in the kitchen.

Touch panel and built-in lighting

The intuitive touch panel allows you to quickly start the unit, change the fan speed and more. In addition, built-in 2 × 1.5 Watt LED (Light Emitting Diode) lights evenly illuminate the work surface for easy food preparation.

Effective filtration and easy cleaning

The hood is equipped with a 5-layer rust-resistant aluminum filter that effectively traps fat particles. You can wash it in the dishwasher. At the same time, the device is very easy to clean.

Two modes of operation

The TV5290D4-CC-I2 operates in exhaust mode (exhausting air to the outside) or in absorber mode (recirculating air through a charcoal filter). So you can adapt it to the conditions in your kitchen.

Thoughtful dimensions and space saving

The compact, angled design with a width of 89.5 cm and a height of 41.5 cm provides an optimal suction area while saving space. The recommended installation distance from the hob is 65-75 cm, which guarantees the best efficiency.

Manufacturer	IsEasy
Model	TV5290D4-CC-I2
Maximum suction capacity	524 m³/h
Speed levels	3 (Low, Med, High)
