layout: Estonia | Intel Smart Cache, MB: 8 | USB-A (USB 3.2) ports quantity: 2 | Camera resolution: 5 MP + IR | Green certifications: Energy Star | Number of performance-cores: 4 | Number of efficient-cores: 4 | NPU: Yes | Short summary:

Dell Pro 14 Plus

The Dell Pro 14 Plus is a next-generation professional laptop engineered for hybrid work, long lifecycle deployments, and enterprise-grade manageability. Built with Intel Core Ultra processors featuring integrated NPU acceleration, it is optimized for Microsoft Copilot+ features and modern AI-enhanced workflows.

The premium aluminum chassis provides durability and mobility, meeting MIL-STD standards while remaining thin and lightweight. A 16:10 FHD+ display improves productivity with more vertical workspace, and upgraded thermals ensure stable performance during demanding workloads.

Designed with sustainability and serviceability in mind, the Pro 14 Plus integrates recycled materials, modular replaceable USB-C ports, and a maintenance-friendly internal structure ? extending product longevity and lowering TCO for professional fleets.
