R3,305

Lanberg's wall mount, double section cabinet WF02-6609-10S is a solution designed to expand networks, installation of cabling and flexible equipment montage with a size of 19" and max. 60kgs loading capacity. It can be used in networks, server rooms, small, medium businesses. On top of that, this particular cabinet can also work in low voltage systems such as cable TV networks, alarm systems, fire protection and access control systems, CCTV and IP surveillance.

Product construction is made of high grade cold rolled steel which is characterized by an excellent design and high quality of craftsmanship. Having additional section, you can easily lead cabling from the rear, perform maintenance of equipment fitted inside or upgrade its functionality by installing new devices. Additionally, cabinet is equipped with a front tempered glass door with lock and
