GODOX ML40R LED Studio Light

The GODOX ML40R RGB LED Studio Light is a compact 40 W LED light source designed for photography, filmmaking, and video production. It offers RGB light, a wide color temperature range from 1,800 K to 10,000 K, CRI and TLCI ratings of approximately 97, and a brightness of up to 34,000 lux when used with the included ML-L10 reflector. Its compact size, weight of just 425 g, built-in rechargeable battery, and app-based control make the ML40R ideal for both studio and on-location work.

Compact design for use anywhere

The Godox ML40R was designed with creators in mind who frequently change their work locations. Its 97 × 46 × 91 mm housing and light weight make it easy to transport and allow for convenient use during outdoor shoots, on-location recordings, or work in a small studio.

The color temperature range from 1,800 K to 10,000 K allows you to adapt the lighting to various conditions and achieve both warm and cool light. Additionally, the RGB mode allows you to create colorful effects without the need for filters, expanding your creative lighting options on set. The light is equipped with two built-in lithium-ion batteries with a total capacity of 17.424 Wh. A full charge takes approximately 2 hours and 30 minutes, and the runtime at maximum brightness is up to 42 minutes. The USB-C port supports charging at up to 60 W, making it convenient to power the light even outside the studio.
