GODOX C26 Battery Charger for the AD600Pro

The GODOX C26 charger is designed for convenient and safe charging of WB26 lithium-ion batteries used in the Godox AD600Pro flash. This practical accessory allows you to quickly prepare a spare battery for use, so you can focus on shooting without unnecessary downtime during photo sessions or assignments.

Clear charging status indicator

The device is equipped with an LED indicator that provides real-time updates on the charging status, making it easy to monitor the entire process. The set includes a detachable power cord, which makes it more convenient to store and transport the charger. With a power range of 100–240 V AC, the charger works well both in the studio and on location, offering compatibility with electrical
