

GODOX V1 TTL Flash for Olympus

Model: V10

Manufacturer: GODOX

EAN: 6952344217771

Product Code: 963849

R5,614

GODOX V1 Flash for Olympus Cameras

The Godox V1 for Olympus cameras is an advanced TTL flash with a high-capacity lithium-ion battery, a round head, and a built-in Godox X 2.4 GHz wireless system. The round head design provides soft, evenly diffused light with a natural look, similar to the effect achieved with studio lights. The model offers full TTL automation, manual mode, HSS synchronization with fast shutter speeds, flash exposure compensation (FEC), second-curtain sync, and a wide range of head adjustment options from 0–330° horizontally and from -7 to 120° vertically. An additional advantage is the built-in LED modeling light with 10-step brightness adjustment, which makes it easier to assess the effects before taking the photo.

Speed That Keeps Up With You

The flash is equipped with a removable 2600 mAh lithium-ion battery, which allows for up to 480 full-power flashes on a single charge. A recharge time of just 1.5 seconds lets you work freely during

dynamic sessions and when photographing fast-paced events. This allows you to focus on capturing the perfect moment without worrying about delays or missing shots.

Advanced wireless system and convenient operation

The built-in Godox X 2.4 GHz system ensures wireless compatibility with compatible Godox strobes and triggers. The flash can operate as a Master or Slave unit, supporting up to four wireless groups and allowing settings to be automatically copied to other devices. The magnetic accessory mount allows for quick attachment of compatible modifiers, such as the Godox AK-R1 kit, while the sturdy hot shoe with a quick-release locking mechanism ensures a secure and comfortable mount on the camera. Additionally, the model supports software updates via the USB port, allowing it to be continuously adapted to new features and improvements.

Included

- V1 flash for Olympus cameras
- Lithium-ion battery
- Charger
- USB cable
- Protective bag
- Mini tripod
- User manual

Manufacturer	Godox
Model	V1
Compatible cameras	Olympus
Color temperature	5600K
Dimensions in cm	7.6 x 9.3 x 19.7 cm
Weight	0.54 kg (with battery)
Flash duration	1/350 - 1/20,000 s
Zoom	28-105 mm
