

Aerocool CS111 Mini Tower Black

Model: ACCS-PC19013.11

Manufacturer: AEROCOOL

EAN: 4711099476800

Product Code: 964393

R1,500

The affordable CS-111 mini tower case is a compact and efficient case designed for space-saving builds, compatible with Micro ATX and mini-ITX motherboards. It has a sleek black or white finish and is optimized for both functionality and aesthetic appeal in small form factor setups. With support for up to 305mm GPUs, 160mm CPU coolers, and versatile air-cooling options, the CS-111 provides ample performance capabilities while maintaining a minimal footprint.

Compact & Sleek

This mini tower boasts a compact design, perfect for setups where space is at a premium. Its small footprint doesn't compromise on functionality, ensuring your workspace remains organized and stylish.

Cool Under Pressure

With five fan slots and a pre-installed rear fan, this case is built to keep your components cool.

Enhanced cooling means better performance and longevity for your hardware.

Easy Access

A glass side panel with a convenient knob makes accessing your PC's internals a breeze. This feature allows for simple upgrades and maintenance, keeping your system running smoothly.

Room to Grow

Offering ample space for high-end GPUs and CPU coolers, this case is designed for future-proofing. Whether you're gaming or creating, it accommodates key components with ease.

Clean & Tidy

Equipped with dust filter on the bottom, this case ensures your system remains clean. Easy maintenance leads to better airflow and prolonged component life.
