Tomtoc Defender-A40 Laptop Shoulder Bag (Black)

The Tomtoc Defender-A40 shoulder bag is a practical choice for those who need reliable laptop protection and well-organized space for accessories. Thanks to its compact yet spacious design, it works well for daily commuting as well as business trips. This model combines functionality with a clean, straightforward look.

Thoughtful interior layout

The interior is designed for convenient access to everyday essentials. The main compartment keeps your laptop securely stored, while additional pockets can hold a power adapter, mouse, keyboard, documents, and more. A hidden rear pocket is ideal for notes or small items you want to keep within easy reach.

Protection from every side

The bag features soft internal padding that absorbs shocks and helps protect your laptop from scratches. In addition, the side opening provides quick access to your device without fully unzipping the bag—useful when traveling or during meetings.

Durable materials and splash resistance

The outer layer is made entirely from fabric sourced from recycled PET bottles, making the bag a more eco-friendly choice. The material is splash-resistant, providing basic protection for your belongings in case of sudden weather changes. The premium YKK zipper runs smoothly and is built to withstand intensive everyday use.

Comfortable to carry

The bag comes with an adjustable shoulder strap and a soft handle for carrying by hand. This allows you to choose the most comfortable option—whether you’re walking, cycling, or using public transport.
