R757

These CAT6a cables are perfect for installations where you need to save space in IT Racks and Cabinets. They cables are thinner and very flexible which provides the installer a better accessibility and quick and easy switching. Furthermore, it improves the Airflow, and thereby reducing the risk of down-time. All the cables are Channel link tested up to 500Mhz (CAT6a) standard). Each cable is manufactured with a snaggles to prevents the connector to be damaged when you install the cable through an installation with very less space.
