

LogiLink CDV0100 DisplayPort cable 10 m Black

Model: CDV0100

Manufacturer: LOGILINK

EAN: 4052792063356

Product Code: 980956

R2,666

This active DisplayPort cable from LogiLink, equipped with a signal amplifier, is ideal for transmitting video and audio data with high bandwidth over longer distances. With the integrated signal amplifier, it ensures lossless transmission over the entire cable length with UHD resolutions of up to 8K/60 Hz. The ideal use for home, meeting or conference rooms as well as inside buildings represent just a few of the areas of application. The user-friendly installation here is done by simple plug-and-play, plug in and immediately enjoy the highest image quality. Numerous standards are supported, such as Full HD in 3D HDR, Deep Color and Multistream support. In the audio area, DTS-HD Master Audio or Dolby TrueHD, among others, are supported, as well as many other audio formats.
