Insta360 GO 3 Action Camera (128GB) (Black)

The Insta360 GO 3 is a compact camera that lets you capture unforgettable moments in the highest quality. It offers ultra-wide-angle recording in 2.7K resolution and lets you choose from a variety of interesting features to spice up your footage. The set includes an Action Pod, which allows you to control the camera remotely and makes it easier to use. Thanks to its waterproof design, you can submerge it underwater without any issues, and the magnetic design lets you attach the camera anywhere. It provides up to 173 minutes of runtime when paired with the Action Pod, and FlowState technology ensures reliable stabilization.

Quick Preview

Taking selfies just got even easier! The kit includes an Action Pod with a touchscreen that lets you capture perfectly framed photos right from your hand—just tilt the screen. Mounted your GO3 camera somewhere else? Use the Action Pod to remotely control the device, preview your shots, and create professional photos! What's more, the Action Pod gives you quick access to selected settings.

Huge capabilities in a compact form

The GO 3 packs all the powerful features of an action camera into a small body. The device weighs just 35 g, and its compact design means you can always have it with you. The built-in 128 GB memory provides plenty of storage space for your footage. When paired with the Action Pod, the camera is IPX4-rated, so it's not afraid of raindrops or splashes. Want to capture the beauty of the underwater world in your footage? Remove the GO 3 camera from the Action Pod and submerge it to a depth of up to 5 m without worry!

Creative hands-free shots

Create spectacular videos from a completely new perspective! The GO 3 camera lets you conveniently record ultra-wide shots in 2.7K resolution without having to hold it in your hand. Thanks to its compact, magnetic design and practical accessories, you can easily mount the camera anywhere to get unique shots and capture unforgettable moments from your perspective! The Insta360 GO 3 also uses innovative leveling technology, ensuring your video stays upright no matter how you're recording!

Even more exciting footage

Let your creativity run wild! You have access to many interesting filming modes that will give your recordings a unique character. SlowMotion mode lets you capture fleeting moments for longer by slowing down footage to 120 frames per second. TimeShift mode, on the other hand, lets you experiment with time and space, creating magical time-lapse effects. Use the PureShot HDR feature to add incredible color depth to your footage. Your possibilities are virtually endless!

AI-powered automatic video editing

Editing videos has never been easier. Don't have time to edit your footage? Let artificial intelligence do it for you! The automatic editing feature finds the most interesting moments in your footage and edits them to the beat of the music. What's more, you can freely export your videos in various formats—from square to widescreen.

Easy to Use

Operating the device will be a breeze. Just press the button on the front of the camera to start recording immediately—even when the GO 3 is turned off. But that's not all! The GO 3 also supports voice control, meaning you can conveniently control the camera with simple voice commands. Don't waste time searching for the right settings or buttons—now you can focus on what matters most, and the GO 3 will take care of the rest.

Up to 173 minutes of recording

Record for as long as you want without having to take breaks to charge the camera! The camera is equipped with a powerful 310 mAh battery, which allows for up to 50% longer recording time than the previous model. This means the GO 3 can run for up to 45 minutes. Want to extend that runtime? Connect the camera to the Action Pod to film freely for up to 173 minutes.

Enhanced audio

The Insta360 GO 3 features 2 built-in microphones that let you capture the full spectrum of ambient sounds. This ensures that the audio is clear, crisp, and natural. You can also pair the camera with your AirPods and enjoy even better sound quality. It's the perfect solution if you want to record vlogs!

Smooth Footage

Do you value high-quality footage? The Insta360 GO 3 is sure to meet your expectations! Thanks to its proprietary FlowState stabilization technology, your footage will be smooth and free of any vibrations. Shakes, jolts, or tilts—nothing will stand in your way!

Included

- GO 3 camera
- Action Pod
- Pivot mount
- Magnetic mount
- Mounting clip
