

Water Connection Kit for Dreame Robots from the Aqua10 Series

Model: RAW8HU

Manufacturer: DREAME

EAN: 6978515253508

Product Code: 990264

R2,949

Water Connection Kit for Dreame Aqua10 Series Robots

The Dreame RAW8HU Water Connection Kit provides a constant supply of clean water and automatically drains used water from Aqua10 series cleaning robots. This solution reduces the need for manual tank refills at the docking station, making regular cleaning more convenient. The leak-proof and sturdy design minimizes the risk of leaks, and the simple assembly allows for quick and easy installation of the kit.
