

Neomounts AV2-500BL Videobar kit 43-110" - VESA - max 10 kg - universal

Model: AV2-500BL

Manufacturer: NEOMOUNTS

EAN: 8717371442651

Product Code: 991746

R2,881

The Neomounts AV2-500BL is a universal videobar kit for screens with a minimal size of 43" and VESA hole pattern ranging from 200x200 to 800x600 mm. The very sturdy, stable and versatile kit has a maximum weight capacity of 10 kg and can be installed either above or below the screen. For maximum adaptability, both the videobar support and the backplate brackets can be independently adjusted in height.

The AV2-500BL videobar kit is compatible with most videobars*, PTZ cams and soundbars, including Logitech Rally Plus speakers. To ensure a wide mounting applicability, the mounting holes can vary in width and height. The VESA frame can be adjusted both in height and width (200/400/600/800) and can be installed on wall, floor and even desk or ceiling mounts. Despite the numerous choices, installation is easy, aided by ruler-guided alignment for a seamless screen installation.
