Predator Robust Luggage combines practicality with a rugged exterior. Aluminum alloy frame provides perfect protection for your travel accessories, while the interior's multiple storage compartments help travelers organize their daily essentials. It's the perfect companion for adventure enthusiasts exploring every corner of the world.

1. TSA combination lock

The suitcase is equipped with a TSA combination lock, ensuring smooth travel abroad and quick clearance.

2.Multiple storage compartments

The interior of the suitcase is equipped with multiple storage compartments, making it convenient to organize and categorize daily items such as headphones and charging cables.

3. Silent Dual-row Wheels

Effectively reduces noise and shock, offering a superb user experience with 360-degree directional flexibility.

4 . Built -in Detachable Hanger

The suitcase comes with a detachable hanger, allowing you to hang shirts and other clothing items for easy access.
