Product Code: 994827

R2,898

The Lanberg WF01 Series rack is designed to provide a practical solution for mounting equipment in a compact space. Crafted from cold-rolled steel, this cabinet features a durable construction with a thickness of 1 mm, ensuring sturdy support for devices weighing up to 60 kg. The design incorporates a perforated front door for improved ventilation, while the vented top panel enhances airflow, promoting optimal equipment performance. Included components such as a grounding cable, mounting bracket, and M6 screws facilitate a straightforward installation process. This wall-mountable installation cabinet measures 600 x 600 mm and is equipped with 4 vertical mounting rails for flexible organization of equipment. Designed with compliance to various standards such as ETSI and IP20, the rack offers secure and functional storage options. Its single-leafed front door
