

ELECTRIC TOOTHBRUSH/HX6322/04 PHILIPS

Model: HX6322/04

Manufacturer: PHILIPS

EAN: 8710103770237

Product Code: 998599

R1,428

Fun, educational, effective

The Philips Sonicare For Kids app synchs with your kid's sonic toothbrush to help them learn about oral care through play. Your kid's brushing coach challenges them to brush for longer and better. Each session starts with clear visual instructions about correct brushing techniques and the app's progress monitor tracks the total performance. Kids learn while having fun, and parents get to see how well kids are doing in between check ups

Interactive Sonicare For Kids

With the Philips Sonicare For Kids toothbrush and app, children can discover how to brush properly on their own. The app synchs with your kid's sonic toothbrush via Bluetooth to show proper brushing techniques and track performance. Kids can see how well they brush, and earn exciting rewards for a job well done. Educational, and effective, 98% of parents surveyed say it's easier to get their kids to brush longer and better. It's the fun way to help kids develop healthy oral care habits that will last a lifetime

More fun, better results

Our Philips Sonicare For Kids toothbrush and app brings a whole new level of fun to brushing. The app's central character is the loveable Sparkly, who really likes to have clean teeth. Kids take care of Sparkly while the app's brushing coach challenges them to brush longer and better. Each time your kid brushes

well, Sparkly gets happier and each successful brushing session is rewarded. Kids can unlock accessories to personalize their Sparkly, or they can win food for Sparkly, who likes to eat healthy. Parents can even choose rewards to place on the app themselves.

Bluetooth connection

With the Bluetooth-enabled Philips Sonicare For Kids toothbrush, the app's Quadpacer tracks brushing sessions in real time. It recognizes when a brushing session starts, pauses and is completed. And thanks to an integrated memory and time stamp on the toothbrush handle, you can even save the details of up to 20 brushing sessions when you're not using the app. Next time you use the app and handle together, the details of those sessions are synched to the app's calendar. Rewards for successful brushing sessions can still be collected, and your kid can easily see how far they've progressed

KidTimer + KidPacer

To encourage a proper brushing routine, the Bluetooth-enabled Philips Sonicare For Kids electric toothbrush connects with the app and helps kids slowly increase brushing time. The aim is to reach the dentist-recommended two minutes. When you use the app, kids get to mimic the app's brushing coach as it carefully brushes each section of its mouth. The brushing coach will encourage your kid to increase the time spent on each quadrant. As your kid's brush for longer, they'll be rewarded by their Sparkly, who's happy with its really clean teeth. It's fun training for a lifetime of proper brushing

Sonic technology

As kids learn to brush, our sonic technology does the rest. The unique dynamic action of a Philips Sonicare electric toothbrush gently and effectively reaches deep between teeth and along the gum line. With over 500 strokes per second, sonic cleaning power helps compensate for developing techniques as children grow better at brushing. This technology makes a Philips Sonicare For Kids toothbrush up to 75% more effective than manual toothbrushes, resulting in more successful check-ups
